

# POWER IN PARTNERSHIPS

Celebrating 5 years of Talent Match in West Yorkshire

Talent Match has proven to be a profound and life changing project for over 2690 young people in the Leeds City region area. As the current programme comes to a close we want to celebrate the dedicated work of Keyworker partners and highlight the stories of challenge, change and hope told by young people.

Over the last five years Talent Match has delivered innovative and dynamic support for young people, giving a voice to participants and providing practical support into training and employment.

**We've seen over 851 young people enter into sustained full time employment in the Leeds City Region - moving on in their lives in many different and exciting ways.**

Please join us as we celebrate all the successes of the current programme and make plans for the future. Our Power in Partnerships celebration is on Tuesday the 11th June 2019 at the Leeds Marriott Hotel.

Follow the link below to get your free ticket for this exciting celebration. Come and meet young people who have benefited from the programme along with project workers and hear their inspiring stories.
